Welcome to the Sale

2020 will go down as a year that none of us will ever forget. There were many highs and lows for many people across the country and it seemed the lows outweighed the highs. One thing our program has come to thrive off of is learning from the trials and allowing hard times to strengthen us and forge our character. We are very proud of the bulls we have raised this year despite facing a tough drought. This group of bulls shows what we are trying to accomplish with our program, building thick moderate framed bulls that produce exceptional females with great structure that are fertile and have amazing udder quality.

In Loving Memory

CLARENCE VERDELL YOUNG

On October 25th 2020 we lost the patriarch of our family Clarence Verdel Young. My granddad was a great man. He taught me hard work, generosity and the importance of putting your family first. His passion was farming and hated to be away from it. Of all the things on the farm he enjoyed harvest and planting time the most. The only thing he loved more was his family. He made all of us feel so special to him. He will be missed and not forgotten.

We love you Granddad.
