WELCOME TO THE SALE

Welcome To The Sale!

Our 2023 bull sale marks our 4th annual bull sale. I'm excited about the diversity for the bulls we are offering in this years sale. This year is the first year to be able to grab calves out of YRA Sig Sauer 736-0104. We have proven sires 5L The Real Deal 1687-143B, Ridge Admiral 3411 and 5L Genuine 1603-195C female makers Mushrush Blockchain E616, and Ellington's Chaps. As we have always been, we are focused on the mother cow. I love cattle that can marble well and have strong ribeye scores. However, the bottom line is the mother cow. We have to have cows that last long in the herd and don't get culled for bad structure, bad feet or bad udders.

This was the 2nd year we scanned heifers. We were really pleased with how they scanned, especially on their IMF. We had over 1/3 of our heifers have a scan of 5 or better and 2 were over 9. We are excited about the performance these cattle will bring while producing efficient solid cows that will last a long time in your herd.

Jay & Jerry Young Families

SCHEDULE:

Wednesday, March 29th

Bidding Opens at 1:00 p.m.

Thursday, March 30th

Bidding Closes at 1:00 p.m.

VIEWING:

Bulls can be viewed at 9:00 a.m. on sale day at the Greeley County Fair Grounds in the Ocie Room/Livestock Pavilion.

LUNCH:

Lunch will be served starting at 11:00 a.m.

SALE DAY PHONES:

Jay Young620-376-8593
Jerry Young.....620-376-8186
Ben Johnson.....620-376-1708
Ty Reynolds.....620-376-8507

VOLUME DISCOUNTS:

Young Red Angus offers volume discounts for purchasing three or more bulls. Three bulls 3% off, four bulls 4% off, up to 10% off ten or more bulls.

HOW ARE BULLS ARE RAISED:

We raise our Bulls on cover crops with their dams until weaning. Afterwards, we give a starter ration for a few weeks. Then, they transitioned back onto cover crops and are giving a growers ration put together by Justin Axman. This year we utilized some stock-piled cover crops mixes as well as triticale, turnips and radishes. Bull received a light ration of silage, rolled corn protein pellets and distillers grain while being able to travel out on the cover crops until mid February.

FIRST BREEDING SEASON GUARANTEE:

Our Bulls are fertility tested and pass a soundness exam before opening day. We guarantee the bull's fertility for the first breeding season. We will also provide a suitable replacement for the bull if an injury or issue keeps the bull from breeding during the first breeding season. Please notify us immediately if a problem occurs, and we will give you a replacement bull or receive full credit minus the salvage value of the bull. Notification before the salvaging of the bull is required. Bulls going to a state that require Trichomoniasis test will be tested before delivery.

DELIVERY:

We offer free delivery on Bulls within 250 miles of Tribune Kansas. Deliveries from 250-500 miles are \$300. At 500 miles we will be setting up drop points that work for both seller and buyer.

Please contact us before the sale day if you are over 500 miles from Tribune Ks.

We are pleased to bring you real-time bidding & a live broadcast of this sale through DV Auction. To watch or bid online, simply complete the following steps:

- Visit the DVAuction web site at www.dvauction.com
- Click on the "Register" tab.
- Enter a user name, password and your contact information.
- Click on "Apply for bidding."

Select the sale from the list of other auctions and click "Apply". Complete the process by filling out the banking and lending information requested. Be sure to include a personal contact at your bank, and we will contact them in order to get a credit reference. If you would prefer to be approved using your credit card, call (402) 474-5557. Please be sure to apply for bidding at least a day in advance of the sale. Every effort will be made to process your application in a timely manner.

YRA Sig Sauer 736-0104 - Sire of Lots 1-6
We are extremely proud of this bull. He constantly stamped his progeny with a thick moderate frame. He is the largest sire group in the sale with 6 sons. 5 of these bull are off heifers. The growth is tremendous. Looking for an out cross these bull are what you are looking for. Very few Red Angus Breeders have used 0104's sire Bar R Jet Black 5063.

NOTES

Research Validates Red Angus as Most-Favored Female

Ranchers across the country have long recognized the value of Red Angus females as the foundation of a profitable cowherd. Now, independent research validates those years of cattle production experience with tangible data proving the Red Angus heifer's worth.

Research Confirmation

Esther McCabe, et al., of Kansas State University, led a study that confirmed Red Angus are the most-favored female in the industry. McCabe and her team compiled five years' worth of pricing data from Superior Livestock Auction, comparing 13,804 lots of heifer calves totaling over 1.2 million head that sold in 116 video auctions.

The research team evaluated the effects of independent variables on the sale price of heifer calves that fell into six different breed composition groups: English, English crosses, English-Continental crosses, Black Angus-sired out of dams with no Brahman influence, Red Angus-sired out of dams with no Brahman influence, and Brahman-influenced.

They deduced that Red Angus-sired heifer calves bring \$5 to \$9 more per hundredweight than all other breed types.

Rancher Trusted

While market research validates the price advantage of Red Angus heifers, ranchers have tested and trusted her worth on the range for years. Red Angus females are desirable as replacement heifers because they mature into productive mother cows that reward producers with extra dollars in their pockets on sale day.

Red Angus cows have gained ranchers' trust as a complete package through fertility, fleshing ability, good disposition, longevity and excellent overall production. They produce feeder calves that earn premiums in the yard and on the rail through docility, feed efficiency, conversion and carcass merit.

Over the years, stockmen have voted with their checkbooks, purchasing heifers they know will bring profitability to their ranching businesses – and Red Angus females are their most-favored choice. ■

Independent research studying five years of Superior Livestock Auction data confirms the value of Red Angus replacement females.

Red Angus Stockyard

List or locate quality Red Angus replacement females at stockyard.redangus.org. Over 20,000 head of cattle are sold each year through the Red Angus Stockyard.

FeMail

An electronic tool to help locate or market ranch-tested replacements. Market your open heifers, bred heifers or cows, or cow-calf pairs. FeMails are designed for offerings of 25 head of more to complement listings on the Red Angus Stockyard.

Breed and Gender Interact to Affect the Sale Price of Beef Heifer Calves*

* McCabe, et al., 2016. Breed and gender interact to affect the sale price of beef calves sold through video auctions from 2010 through 2014. J. Animal Science, Volume 94, Supplement 2, pp 28.
^{abcd} Means with unlike superscripts differ (P<0.05).
